#### Global Build Discarders

#### Project Build Discarder

Build discarders configured for a job are only run after a build finishes. This option runs jobs' configured build discarders periodically, applying configuration changes even when no new builds are run. This option has no effect if there is no build discarder configured for a job.

#### 1.1.4. Jenkins ユーザーの変更

- Ubuntu上のWebサーバーEchoの実行ユーザーがkeiなので、Jenkinsが作ったファイルなどをkeiのフォルダーにコピーする際に、アクセス権がない場合がある
- よってジョブのシェルスクリプトをデフォルトのユーザーjenkinsではなく、別のユーザkeiで実行したい
- コマンド単位で別ユーザーに変更することができるが、色々面倒な設定や変更が必要なため、 Jenkins実行ユーザーをUbuntuのユーザーkeiに変更する
- このために実行したコマンドは次の通り

```
$ sudo -iu root
$ vi /etc/default/jenkins
- JENKINS_USER=$NAME
+ JENKINS_USER=kei
$ chown -R kei: /var/lib/jenkins /var/log/jenkins /var/cache/jenkins
$ systemctl restart jenkins
```
